Quarterly Report

Q3 22/23

Q3 2022/23

At Trust, we aim to provide high quality services to all tenants and service users. But we recognise that sometimes there may be occasions when people receiving or affected by our services are dissatisfied.

That is why we value complaints. By listening to our tenants and other service users, we can learn from mistakes, put things right and continuously improve our services.

The purpose of this report is to highlight Trust's complaints performance up to end of Quarter 3 22/23. Trend analysis is reviewed by the Trust Board's 'Audit & Performance Sub-Committee' each Quarter, which is published [here on our Website](#).

Complaints performance was last reviewed by the Audit & Performance Sub-Committee on the 26th May 2022.

What is the Complaints Process?

Stage 1 'Frontline Resolution'

A complaint is made directly by the complainant, via any staff member. Frontline resolution aims to quickly resolve straightforward customer complaints that require little or no investigation. We aim to resolve Stage 1 complaints within 5 working days.

Stage 2 'Investigation'

Complaints handled at this stage are typically complex or require a detailed examination before we can determine an outcome. These complaints may already have been considered at Stage 1, or they may have been identified from the start as needing immediate investigation. An investigation aims to establish all the facts relevant to the points made in the complaint and to give the complainant a full, objective and proportionate response that represents Trust's final position, within 20 working days.

Scottish Public Services Ombudsman (SPSO)

Complainants have a right to raise concerns regarding Trust with the SPSO, who provide administrative justice and scrutiny, after the conclusion of our above complaints process. You can contact the SPSO directly on [0800 377 7330](tel:08003777330).

% Stage 2 Complaints Responded to within SPSO Timescales (YTD)

"We always aim to resolve complaints within their SPSO timescales, however we also focus on providing quality resolutions to our customers which can sometimes take a little bit longer. We will always work with the complainant and communicate the reasons for any delays."
